Will Back Baseball.

The athletic council of the University decided yesterday to stand back of a baseball team for the school as far as finances go. This means that the University will have a baseball team this year, for all that has stood in the way of such action was the question of securing the necessary paraphernalia. Now that this question is settled, active work will be begun at once. Coach Maddock has ordered all candidates to appear on the campus at 4 o'clock Monday so that a line may be had on the prospective ones.
